### Education/Training

1995-2000 Master's degree in Molecular Biology, University of Padova, 110/110 *summa cum laude*.

2000-2003 Ph.D. in Genetics and Molecular Biology of Development, University of Padova. Research advisor: Prof. Stefano Piccolo.

2004-2006 PostDoctorate, University of Padova. Research advisor: Prof. Stefano Piccolo.

### Professional and Academic activity

2006-2015 Researcher in Histology, Cell Biology and Embriology, School of Medicine, University of Padova.

2013- Independent Principal Investigator.

2015- Associate Professor in Histology, Cell Biology and Embriology, School of Medicine, University of Padova.

Dr. Dupont's research is funded by competitive grants from National and International agencies (WCR, AIRC, Fondazione CARIPARO, Fondazione Veronesi). He serves as reviewer for International peer-reviewed scientific magazines and panelist for funding agencies. He is part of the board of the ABCD (Italian Association for Cell and Developmental Biology) and member of the SIBBM (Italian Association for Biophysics and Molecular Biology), AICC (Italian Association for Cell Culture) and SIAI (Collegio Italiano Docenti di Istologia e Embriologia).

### Bibliometry (Web Of Science 16/12/2021)

50 publications

11,747 citations

Personal IF 2021 = 39,68

H-index 31

Clarivate® Highly Cited Researcher 2021

### Mentoring

*Anant Mamidi* (former PhD student) is now Project Manager at AGC Biologics (DK). *Leonardo Morsut* (former Post-Doc) is now Assistant Professor at USC (California). *Mariaceleste Aragona* (former Post-Doc) is an Associate Professor at the at the Novo Nordisk Foundation DanStem Center for Stem Cell Biology in Copenhagen (DK). *Elena Enzo* (former Post-Doc) is Assistant Professor at the University of Modena and Reggio Emilia (Italy). *Giulia Santinon* (former Post-Doc) is a senior Post Doc with Dr. Alessandra Biffi at the Pediatric Research Institute "Città della Speranza" (Padova, Italy). *Arianna Pocaterra* (former Post-Doc) is a senior Post Doc with Dr. Anna Mondino at the HSR San Raffaele Research Ospital (Milan, Italy).
